

## Visitor Parking at Los Angeles Branch:

The address of our building is 950 South Grand Avenue, Los Angeles, CA 90015. However, please note that the entrance to our parking structure is at **951 South Olive**, Los Angeles, 90015. The cross street for both is Olympic.

### Step 1:

To find the parking lot entrance, you turn off of Olympic onto Olive. For your reference, the building at the corner of Olympic and Olive is the former Fed building (gray marble) which has been converted to residential lofts called The Reserve.

### Step 2:

Once you pass this building, ours is next door (brown marble). Stay in the far left lane on Olive and the parking entrance is the last driveway of our building (the entrance without any bollards).

### Step 3:

Proceed up the ramp, stay to the left and stop at the guard station. Notify the Federal Reserve Police Officer the reason for your visit. The Police Officer will already have a manifest with your arrival information. After confirming the identity of the vehicle occupants, our Police Officer will conduct a brief undercarriage search of your vehicle and will instruct which floor to park.

### Step 4:

- After parking your car, take the elevator to the first floor.
- Everyone entering the Bank will be required to walk through the metal detector and all carried items will be screened by use of an x-ray machine. Items determined to be weapons will not be permitted (ex.: guns, knives, pepper spray, mace, etc.). Anyone found to be in possession of illegal weapons will be subject to arrest. In addition, cameras are not to be permitted. We have security checks similar to those at airports
- Police Services will notify your point of contact of your arrival. They will meet you at the entrance and escort you into the building.

### Reminder:

1. All visitors must provide government-issued photo identification (e.g. valid passport, driver's license, or state-issued identification card) that matches their name as it appears on the manifest.
2. All visitors must have confirmed prior arrangements for their visit with their LA Branch contact in order to receive entrance into the building.
